Melbourne Public Library - 540 Fee Avenue, Melbourne

Brevard's Surfing History & Legends

Presented by Bob Freeman & Jim Poulos

With the population explosion of the 1960's, a generation of young adults arrived on the Space Coast. They loved the Florida beach life and were eager to learn to surf, a popular sport in Hawaii and California but not seen in the area until this time. Fifty years later, Brevard County is considered a mecca for East Coast surfing and has produced some of the top surfing talent in the world.

SBHS is pleased to present local surfing legend and 2014 inductee into the Space Coast Hall of Fame, Bob Freeman and longtime local surfer Jim Poulos at our January meeting. They will talk about the growth of the sport over the last half century and their experiences surfing in Brevard.
